Easy Dose It!

eDose Connect™ for PET Radiopharmaceutical Ordering

STARTING NOVEMBER 1st, eDose Connect will be equipped with new reporting features enabling you to TRACK and ANALYZE your dose orders!

You will be able to:

Analyze dose ordering patterns by indication, referring physician, and/or radiopharmaceutical

Customize your reports and run specific reports for selected date ranges

Run your reports at any interval including daily, weekly, or monthly

Save and print your reports at any time, with just the click of a mouse

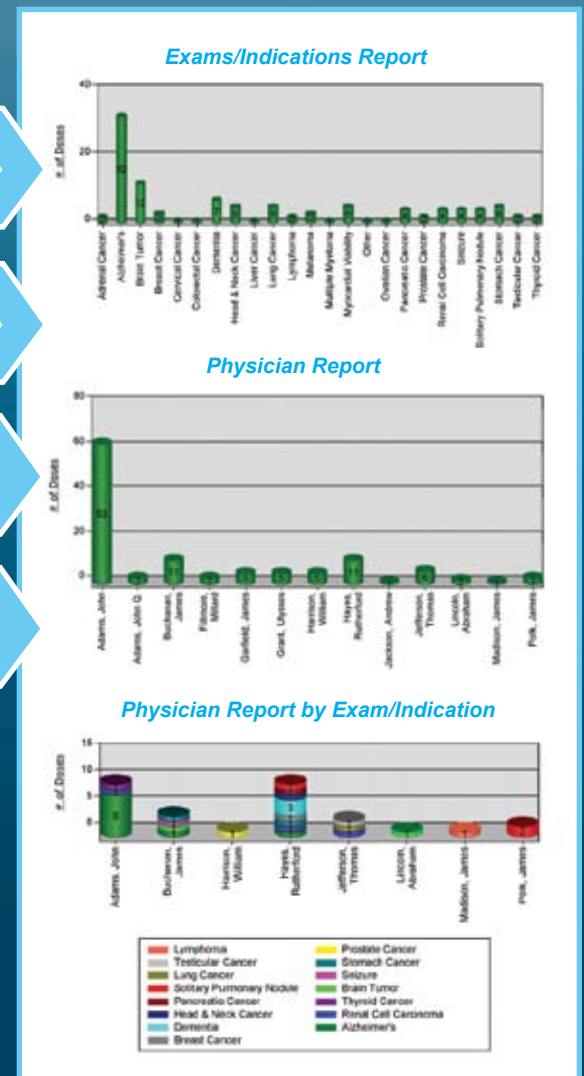

If you have multiple ship to sites, you can also filter it by site.

For a thorough assessment of your PET Imaging Center, eDose Connect will allow you to quickly and efficiently assess:

- Procedure performance
- Physician utilization patterns
- Patient indications

Contact your IBA Representative for more information.

Exclusive provider of eDose Connect:

eDose Connect is now available in specific regions of the United States, but will soon be available to all IBA Molecular customers. The utilization of eDose Connect is conditional in some states and is dependent on the state's specific regulations which govern e-prescribing.
