[Postelection Moves Signal Healthcare Reform Action](#)

Nov. 21, 2008 Diagnostic Imaging News

President-elect Barack Obama's appointment of former Senate Majority Leader Tom Daschle to head the Department of Health and Human Services, combined with a commitment from insurers and a detailed plan from the chair of the powerful Senate Finance Committee, suggests strongly that healthcare reform will be a top priority for the new administration and the 111th Congress. [New PET Technique Tracks Cancer-Killing Cells Over Prolonged Period](#)

Nature Clinical Practice Oncology Nov. 18; reported by [HealthImaging.com](#)

Researchers at the Stanford University School of Medicine in California have devised a way to obtain repeated snapshots of the location and survival of infected or diseased cells in a living human patient months and possibly years later, according to a case study published online Nov. 18 in Nature Clinical Practice Oncology.
